## SUMMARY

"I am Determined engineer seeking to work in the firm. where I can apply my knowledge and skills. and want to work with the latest engineering technologies"

## EXPERIENCE

### Front End Developer

#### Softmind Infotech Pvt Ltd

📅 07/2023 - Present 📍 Noida

Experienced front-end developer with a passion for creating engaging and responsive user interfaces. Adept at translating design concepts into efficient and maintainable code, I bring 6 months of hands-on experience in HTML, CSS, and JavaScript. Proficient in React Js, I am committed to delivering high-quality, user-centric web applications. Seeking to leverage my technical skills and creativity to contribute to a dynamic development team at Softmind Infotech Pvt Ltd.

## EDUCATION

### Bachelor of Technology

#### Rajasthan Technical University

📅 2018 - 2022 📍 Kota

## PROJECTS

### Superhero Hunter

📅 08/2023 📍 Noida

Short summary of project

- Led the conceptualization, design, and development of a superhero-hunter project, incorporating elements of strategy and function for an engaging experience.
- Utilized html, css, and javascript to create the superhero hunter project functionality and mechanics.

### Pokemon App

📅 10/2023 📍 Noida

Short summary of project

- Utilized JavaScript and React.Js to build and optimize the web application features, including Pokémon capture mechanics, battles, and user interface elements.
- Designed and developed a web application centered around the Pokémon franchise, incorporating elements of augmented reality for an immersive user experience.
